ABOUT ME

Hello, my name is Marit Keers. I'm a multimedia designer who creates innovating products that tell a story. When designing I always keep the users needs and wishes in mind to create something with the right message.

EDUCATION & EXPERIENCE

Havo Technasium

Newmancollege, Breda

Technasium is a nationally developed formula for science education at havo and vwo, which is aimed at students with an interest in the complex world around them.

- Research
- Design
- Teamwork
- Goal & Knowledge Oriented
- Enterprising

- Design
- Reflecting

Minor

Avans Innovative Studio

A creative and varied minor with biweekly projects from the work field. You gain new perspectives and learn by doing.

- Innovation
- Problem Solving
- Communication
- To collaborate
- Reflecting

Ambassadeur

Landing Space

Landing is a platform where visual inspiration, curation, and design come together. As an ambassador I help the community and platform grow from a users perspective.
